

Set in the shadow of the mountain it's named for, Rainier's stunning view earned its original name from local tribes as "the best yet."

By the 19th century, the little town was growing thanks to the Gehrke family and the Tacoma-Kalama railroad. Several structures and a park honor the first pioneer settlers, including the church and schoolhouse, both of which are registered Washington historical landmarks. The church, built in 1896 and similar in turn-of-the-century German style to the historic Little White Church in Elbe, retains its early American style.

The Americana feel is mirrored in the quaint downtown, home to charming oddities like the historic Gehrke outhouse. If you're riding the entire length of the Yelm-Rainier-Tenino Trail, this is a good place to stop for a break, as it's the exact midpoint of the trek. Savor a snack and a cup of coffee— but stick to the working bathrooms.

RAINIER

Things To Do

1 Wilkowski Park

Ideal for throwing the football, letting the kids run loose, or hosting a family picnic, Wilkowski Park is a wide open space right off the Yelm-Rainier-Tenino Trail. Pick up the bike path from here for a ride in either direction.

2 Zion Evangelical Lutheran Church

This charming church, built by the Gehrke brothers in 1896, resembles other German-built churches—namely, the “little white church” in Elbe, Washington. It was the first local building to land on the Washington State Heritage Register, and it’s available to rent for special occasions. 207 Olympia St W

3 Gehrke Park

This older but centrally located park in Rainier has traditional play structures for young kids and lots of open grassy space for setting up a picnic or whiling the day away.

4 Historic Outhouse

Rainier is home to a bit of local history: Rainier founder Albert Gehrke’s outhouse. The 120-year-old privy managed to survive a few moves, not to mention lots of tushies, before it was relocated to a parking lot on main street. It’s a fun artifact of Rainier’s past, but not exactly open for business.

5 Rainier Bluegrass Festival

This bluegrass festival held at Wilkowski Park is a family-friendly affair with “pickin’

and jammin’ sessions, gospel, live bands, and general fun. Get there early to stake out a spot in the park to set up your campsite.

6 Rainier Roundup Days

The same weekend as the bluegrass festival but not officially related, Round Up Days has been an institution since the 1960s. With a parade, family games, and more, the fourth weekend in August is the time to be in Rainier.

7 Yelm-Rainier-Tenino Trail Midpoint

Rainier marks the halfway point of the Yelm-Rainier-Tenino Trail. It’s a good place to stop for a breather or to hop on your bike to pick up half the trail in either direction.

9 Chehalis Western Trail

In addition to being a stop on the Yelm-Rainier-Tenino Trail, Rainier is also an end/start point on the Chehalis Western Trail, a 22-mile biking and hiking path that connects Rainier with Olympia and passes through Lacey, Yelm, and Tenino, with a myriad of ecosystems and urban stops along the way, including the Monarch Sculpture Park. The rails-to-trails project once was the Chehalis Western Railroad from the late 1800s through the 1980s.
